### **EXAMINER'S COMMENT**

#### ***Response to Arguments***

1. Applicant's arguments, see Remarks, filed May 24, 2010, with respect to the rejection of independent claims 1, 46, 55, 59 and 60 under 35 U.S.C. 102 have been fully considered and are persuasive. The rejections of independent claims 1, 46, 55, 59 and 60 under 35 U.S.C. 102 and claims 2, 3, 5, 12, 47, 48, 52, 54 and 56 under 35 U.S.C. 103 have been withdrawn.

#### ***Allowed Claims***

2. Claims 1-5, 8-10, 12, 46-56 and 58-60 are allowed.

### **REASONS FOR ALLOWANCE**

3. The following is an examiner's statement of reasons for allowance:
  - a. With respect to independent claims 1, 59 and 60, the applicant argued that the myocardial implant (TMR implant) disclosed by Hussein, the closest prior art of record, and cited against the claimed at least one anchor is not translatably disposed within the needle or moveable out of the penetrating tip of the needle because the implant/anchor is mounted on the outside surface of the needle tip prior to deployment. Hussein also teaches away from modifying the anchor to be translatably disposed because the implant is either fixed on said surface and locked in position by the sheath assembly 71 or is released along with the needle at the surgical site, thereby being detached from the rest of the device. In either configuration, the anchor is neither moveable out of the needle nor translatably within the needle. Thus Hussein also does not fairly suggest at least one anchor translatably disposed within a needle and moveable out of the

penetrating tip of the needle. Claims 2-5, 8-10 and 12 depend directly or ultimately from claim 1 and are therefore also allowed.

b. Similarly, with respect to independent claims 46 and 55, for these same reasons, applicant also persuasively argues that Hussein does not disclose or suggest at least one anchor positioned within a flexible tube and moveable out of the flexible tube during a surgical procedure (claim 46) or one or more anchors stored within the tube and moveable out of the tube for placement during a surgical procedure (claim 55). Claims 47-54, 56 and 58 depend directly or ultimately from either of claims 46 and 55 and are therefore also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
